INTRODUCTION TO THE FLAVOUR CATALOG

Welcome to **CEC** Flavour Catalog which presents our diverse range of flavours.

At **CEC**, we pride ourselves on providing you with the highest value products and service possible. Proprietary knowledge and technologies enable us to provide performing flavours which serve as tools in the daily work of food technologists, to differentiate their work in today's competitive environment.

CEC's flavour catalog is not a comprehensive listing of all available **CEC** products. Your nearest **CEC** Sales Office or Accounts Manager can advise you on the availability of additional products.

Additional questions on the products listed including questions on usage, can be addressed to your Regional Sales Office of **CEC**, or Accounts Manager or directly contacting our Application team in Head Office at "samples@cecfeel.in". Although, reasonable effort has been made to ensure the accuracy of the data contained herein, each Food Technologist is advised to make their own observations on the usefulness of any flavour for a particular application.

COMPLIANCE WITH LAWS

The statements contained herein are not a warranty as to the performance or suitability of any flavour nor should they be considered as recommendation to use **CEC Flavours** in violation of any laws, patents or official regulations dealing with manufacturers, composition, local labeling procedures, product design or end usage. **CEC Flavours and Fragrances Private Ltd** assumes no responsibilities for any errors that may appear. All products are supplied subject to our standard conditions of sale in force at the relevant time.

FOOD SAFETY

CEC products are produced under strict hygienic condition, complying with **HALAL** procedures and requirements. We are also certified to international standards **ISO 22000**.

We practice the principles of HACCP to ensure food safety throughout our manufacturing

INGREDIENT INFORMATION

For the latest ingredient information of a flavour please contact **CEC** customer care sales@cecfeel.in

USE LEVELS

Use levels are offered as an aid to the Food Technologist and have no regulatory significance.

APPLICATION INFORMATION

The application information shown for each flavour is intended as a guide to likely areas of end product use. This information cannot be relied upon as any warranty of the flavour performance in any product. It is the buyer's responsibility to fully test and satisfy themselves that the flavour is suitable for use in the customer's product.

CEC CODE NUMBERS

Code numbers for flavours are included to ensure positive identification.

PACK SIZES

Bakery & Confectionery Flavours

BAKERY FLAVOURS

A golden-crusted Biscuit, its aroma promising authentic flavour with every bite. Fruit-filled pies and tarts, pastries, cookies, muffins, doughnuts.

Appetizing breakfast cereals encasing rich flavourful strawberry, raspberry or other fruit flavours ready to have their flavour release at first bite.

Our butter flavours are rich in the natural enhancers that provide creamy, substantial mouth feel.

For Bakery applications, bake-stable flavours to support you perfectly are available at **CEC**.

The flavour systems that we provide will be the best.
We know how to tailor formulas to meet your production needs.

We have experts who have practical manufacturing experience.... and who make sure your product conforms to local tastes, legislation and production practices.

Whether for water-based or fat-based applications, **CEC** comes through with the flavour and integrity you need.

CEC IS ALWAYS READY AND AVAILABLE TO WORK WITH YOU TO MAKE A WINNING PRODUCT.

CONFECTIONERY FLAVOURS

Hard candies, chews, enrobed bars, fondants, gums, something sweet is pleasurable everywhere.

But flavour preferences differ.... Not only by country but often by region because expectations and preferences vary. **WE CAN HELP YOU.**

At **CEC** we continuously update and understand the flavour preferences required by the market. It is our business to know what those different preferences are. With our network, staffed by local experts, we are in a strong position to offer those flavours that appeal to local tastes. From fruit flavours to chocolate, from milk to mint, **CEC** will provide you with flavours of high market acceptance.

We know the techniques needed to create the right intensity of flavour and stability under critical conditions for confectionery production. And we at **CEC** learned how to retain the flavour intensity throughout the shelf life of the product.

Also, for the growing market that seeks sugar-reduced (free) confections, **CEC** can provide flavours that perform well with different sweetener options.

We have a wide variety available you can choose **NATURAL** or nature - identical/artificial flavours.

BEVERAGE & DAIRY FLAVOURS

*Smile on
your face*

BEVERAGE FLAVOURS

Fruit juices or fruit juice drinks, Soft drinks or flavoured waters, Spirits or Liqueur and cordials, Wines or beers.

Whatever the category of beverage, **CEC** can provide unique flavour and flavour systems.

Sales of fruit-based beverages are growing annually. Consumption of fruit juices and juice drinks increase in concert with health and fitness conscious around the world.

The flavour systems we provide will be completely dispersed and suspended throughout the beverage for a long shelf life. We have experts who have years of experience not only translating flavours from place to place, but in creating new beverages too.

For citrus flavours **CEC** has the technology to supplement the fresh citrus top notes of true citrus flavours.

And we know, how to replace fresh volatiles previously lost in traditional production methods since our association with global flavour houses, who provide the competitive technical edge.

Orange or apple, pineapple or mango, whatever the character of your drink, we will work with you to meet your special beverage requirements. Our marketing teams continually survey the flavour scene, with an eye for trends and ideas we can adopt for our customers.

CEC'S CREATIVITY AND MARKETING REACH CAN HELP SET YOU APART.

DAIRY FLAVOURS

All the flavours and aroma from actual farm-rich butter or fresh milk.

All the fullness of flavour from actual thick, rich cream and all the flavour, aroma and consistency of ripe berry and fruit. Fruit flavours for ice creams and toppings.

Flavours to excite the appeal of milk. Flavours to make puddings and desserts unique and delicious. Whatever flavour profile or intensity your dairy product may require, **CEC** has the flavour system that can meet your expectations.

At a time when rich flavour and mouth feel are highly desirable, but high calorie count is not, **CEC's** flavours can enhance a broad spectrum of products.

And all **CEC's** production methods are highly time efficient, that translates into the right economics as well as the right flavour for you.

SNACK FLAVOURS

Potato chips or Corn chips, Samosas or Pakoras. A snack concept unique to the north or one special to south. Whatever the type, whatever the local preference **CEC** has strong experience in providing PAN STABLE flavours for snack foods. Our snack flavours added to the oil or applied on top, range from Butter, Cheese, Ghee, Tomato, Onion, Garlic, Ginger, Curry leaf, Coriander, Green chilli, Cumin to whatever tomorrow's ingenuity might suggest. We understand the technology snack manufacturer's application.

We supply inviting snack flavours that will help your business grow. We also offer cost efficient ways of applying those flavours to your snacks to get the results you want - consistent, well balanced, satisfying flavours that will meet the shelf life you specify.

**WE ARE READY TO WORK WITH YOU TO MEET THESE CHALLENGES.
WHERE YOU NEED IT. WHEN YOU NEED IT.**

SAVORY FLAVOURS

Pan-drip spice flavours for gravies, Cheese for Pizzas, from tomato or onion flavour for soups on a restaurant menu. Whatever the application, **CEC** can provide you with the flavour profile you need for the market segment you want to reach anywhere in the world. Our spice flavours give you true, just-picked taste and aroma. Our ginger flavours are fresh and robust. Our roasted, baked, fried nut flavours have strong consumer appeal. Our coconut flavours, too, are unique in their fidelity, roasted, fresh, creamy and tender. We have a long history of working with customers to develop flavours for applications using every type of processing method. **CEC** will work

on a one-to-one basis with your team to develop a flavour system that fits your specific conditions.

An especially valuable resource for you is **CEC's** ability to translate your existing product to meet taste expectations and legal requirements of another area. We will keep you abreast of trends, too. Convenience foods are gaining in popularity worldwide and if a new savory product seems to be catching on in one region, we can spot it immediately and get the information to you.

**WHETHER IT IS NATURAL, OR NATURE-IDENTICAL OR ARTIFICIAL,
CEC FLAVOUR SYSTEMS WILL ALWAYS PERFORM.**

Our Innovation. Your Imagination.
Perfect Kitchen Solution.

PHARMA FLAVOURS

Therapeutically, substances were widely used more than 3000 years ago in Mesopotamia, China and Egypt. Pharmaceutical art developed from mysticism and mystery to treatment of illness with realistic understanding of body functions to, to-day’s modern refined treatment methods.

CEC’s philosophy of flavouring pharmaceutical products is to add pleasant taste and making them easier for patients’ consumption. We therefore believe flavours are a corrective for pharmaceutical products.

Depending on the consistency & sensory analysis, we offer fruity, spicy, mint flavours and we will work with you to harmonize the flavour type as every pharma product is unique. At **CEC**, we have flavours to enhance the gustatory properites of a medicine with an unpleasant taste.
